Professional Healthcare (pvt) Ltd. is a knowledge and research based organization, which was established in 2005 in Sialkot (Pakistan), a city which is globally famous for high quality surgical instruments manufacturing.

Our main focus is on the design and development of instruments for Minimally Invasive Surgery and our current product range involves Reusable and Single use Laparoscopy instruments, Gynecology instruments, Urology instruments and training and education solutions for surgical Skill Labs. New products are regularly added to our ever-increasing product portfolio, a proof of our firm commitment on research and development.

Our dedicated technical staff works closely with doctors to understand their needs and then convert their ideas into practical products with high index of safety and performance. Our company puts a lot of emphasis on customer satisfaction. We achieve this through an excellent product quality, quick delivery and most importantly, an efficient after-sales service.

Since last few years, We have been reading in the area of surgical simulation. Presently, our laparoscopic Endo trainers are being used by some of the best hospitals and surgeons in all parts of the country.

**Our Vision:**

To be recognized as Pakistan's No.1 Surgical Solution provider

**Our Mission:**

To improve patient safety by promoting surgical education through providing cheaper and better surgical solutions.

We look forward to being of service!

To promote surgical education .

**Aqeel Abbas**  
CEO
